

ENGINEERING MANUFACTURE (Operator and Semi-skilled) (INTERMEDIATE LEVEL) - PATHWAY 3 Mechanical Manufacturing Eng.

Course Type: Intermediate Level (Level 2)

Course Outline: This framework comprises:

City & Guilds Level 2 Diploma in Mechanical Manufacturing Engineering

City & Guilds Level 2 Diploma in Engineering

Employee Rights and Responsibilities

Functional Skills Level 1 English (GCSE grade E or above)

Functional Skills Level 1 in Mathematics (GCSE grade E or above)

Functional Skills Level 1 in ICT

Who is this apprenticeship suitable for?

Learners aged 16+

The Intermediate Apprenticeship and Advanced Apprenticeship in Engineering Manufacture framework is designed to provide the skills, knowledge and competence requirements to work at semi-skilled or qualified operator level (Level 2) or craft or technician level (Level 3) as appropriate, to carry out a variety of engineering and manufacturing processes within the following range of sub-sectors: Automotive, Aerospace, Electronics, Mechanical, Marine, Electrical, Metal goods and Other Transport Equipment.

Apprentices learn on the job and attend Appleby Training and Heritage Centre one day each week to improve their skills and knowledge and acquire the formal qualifications which are required to complete the framework.

Typically it takes between 12 and 24 months to complete this framework.

Course tutor: Adrian Butterworth / Jonty Chapman
