Who is this apprenticeship suitable for?

Learners aged 16+ - most apprentices will have completed the Intermediate Level Framework before progressing to this level.

The Vehicle Maintenance and Repair Apprenticeship framework is popular with employers in England with 8,149 Level 2 and Level 3 apprentices starting training in 2011/12. The Vehicle Maintenance & Repair framework is supported by a wide range of employers of all sizes (micro, small/medium and large) across the sector including Jaguar Land Rover, Honda, Mercedes Benz, Toyota, Ford and BMW.

Advanced Level (Level 3) apprentices will train as Diagnostic Technicians or Advanced Technicians learning how to diagnose, test and repair a range of vehicles.

Apprentices learn on the job and attend Appleby Training and Heritage Centre one day each week to improve their skills and knowledge and acquire the formal qualifications which are required to complete the framework.

Typically it takes between 18 and 36 months to complete this framework.
